## Automatic Single Blade Cross-Cut Saw

### Description

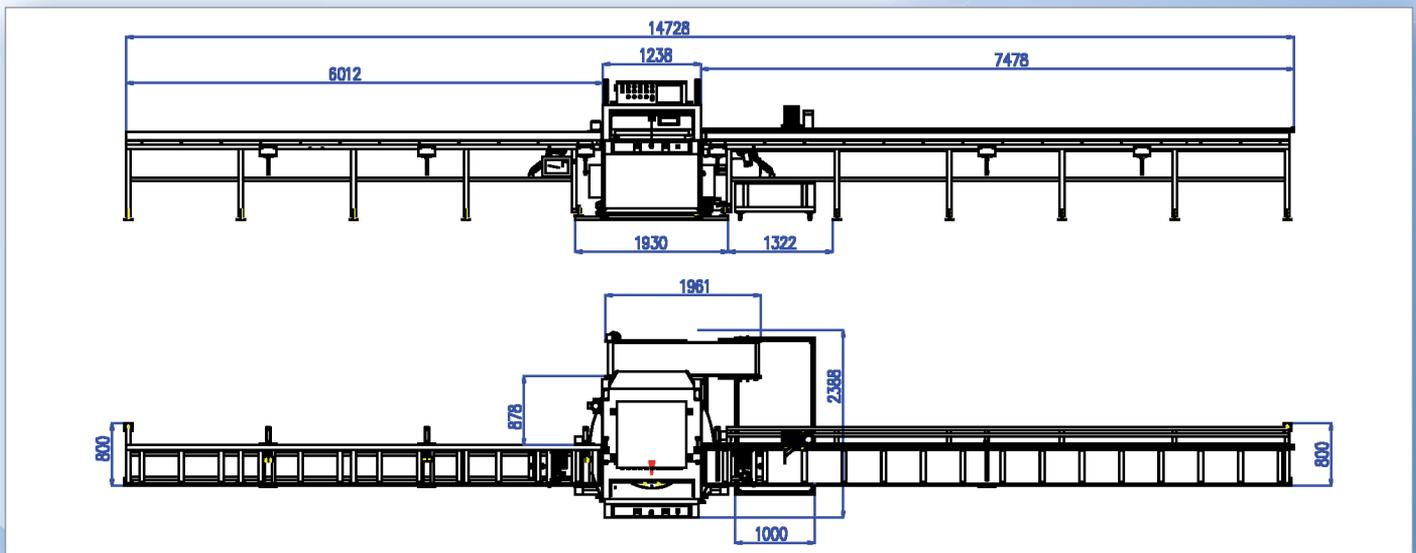

The MiTek Easy-Cut 700/838 saw is an advanced single blade saw with a three or four axis controller. The cutting blade is 700mm diameter and can be supplied as a fixed 90 degree through 360 degrees or a minimum 38 degree tilt function. The four axis, fully automatic and networked controller allows the operator to program the cuts and control angle, centre line and length; with the three axis and the additional tilt angle with the four axis.

### Standard features

- 6.0m infeed conveyor with back rail, unpowered rollers 400mm long, 76mm dia @ 500mm centres
- 7.5m outfeed conveyor with guide rail, unpowered rollers 400mm long, 76mm dia @ 500mm centres
- Automatic length stop
- Twin vertical clamps
- Four horizontal clamps
- Two powered out/in rollers

### Plant Layout EC 838
